

**CMA 2010
Trade Night Series**

The Cabinet Makers Association has recognized the importance of balancing our members need for up to the minute information, products, and practices, with the lack of time many small-to-medium business operators have.

This is why your industry association has worked with suppliers to be able to offer you a series of combined trade nights, showcasing up to three industry suppliers each session, allowing you to gain maximum knowledge, with a minimum impact on your time.

The second event on the 2010 schedule is in March, with more events planned so far for May, and July.

Hettich

Hettich will be providing information on the latest trends to shape tomorrow in kitchens and living spaces from Interzum, as well as details on the award winning 'sensys' hinge, the only Integrated Dampening hinge with a full range.

Hettich is located at 57 Haig St, Southbank 3006

2010 CMA Awards—'How to' session & exclusive tips from one of our judges

We're doing things a bit differently this year, and while you still need to fill out the entry form if you want your jobs to be considered, the whole process is simpler and quicker than ever before. This years entry forms are already on the CMA website, and since the Awards night is not until September you have plenty of time to plan and enter the Awards. In fact—this year we're giving you 6 months to get you're entries in.

That's right—6 whole months to enter!!!

Have a look at the entry form, and if you have any questions come to our Hettich trade night, where we will be running a 'How to' session on filling out the forms and what you can do to maximize your entries chances. There will also be some exclusive tips from one of our regular judges on what makes an entry stand out—these can only be heard on the night so make sure you don't miss out on this exclusive opportunity.

Could this be
YOU
in 2010?

Remember –
You've got to
be in it to
WIN it!
